Re: BTNL 2026-21 Self-Certification Pursuant to CFTC Regulation 40.2(a) Certification - Listing of Polkadot US Dollar Spot Contract

Dear Mr. Kirkpatrick,

Bitnomial Exchange, LLC (“BTNL” or the “Exchange”) hereby submits for self-certification to the Commodity Futures Trading Commission (“CFTC” or the “Commission”) under Commission regulation 40.2(a) its plan to list Polkadot US Dollar Spot (“DOTUSD”) contracts to be offered for trading on BTNL for an intended trade date on or after April 23, 2026.

Contract Description

The DOTUSD contract is a physically-settled, margined futures contract based on the price of 0.00000001 DOT (Polkadot). Attached Exchange Rule “Polkadot US Dollar Spot Contract” details the product specifications.

Polkadot (DOT) Market Overview

Polkadot is a multi-chain network that enables interoperability between different blockchains. Its architecture consists of a central relay chain and multiple parachains, allowing projects to build specialized blockchains while benefiting from shared security and scalability. The Polkadot ecosystem supports decentralized applications, DeFi protocols, and governance innovations. DOT, the network’s native token, is used for governance, staking, and bonding parachains, ensuring seamless collaboration across the ecosystem.

Governance: Polkadot implements an on-chain governance model where DOT holders can participate in decision-making through referenda, council elections, and treasury management. Source

Consensus Mechanism: Utilizes a Nominated Proof-of-Stake (NPoS) system, where validators are selected based on their stake and nominations from other holders, ensuring security and efficiency.

Concentration of Ownership: DOT tokens were distributed among early investors, the Web3 Foundation, and the community, with mechanisms in place to promote decentralization.

Liquidity: Polkadot has a market capitalization of \$2,211,172,719.00 and a 30-day spot trading volume of \$135,012,920.00, ensuring strong liquidity and accessibility across centralized and decentralized exchanges as well as OTC dealers.

Core Principle Compliance

BTNL has determined that its rules related to the listing of DOTUSD contracts comply with the requirements of the Commodity Exchange Act and the rules and regulations promulgated by the Commission thereunder. BTNL has reviewed the DCM Core Principles and related guidance and determined that the listing of DOTUSD contracts impact the following Core Principles:

Core Principle 2 - Compliance with Rules:

Trading and delivery of DOTUSD contracts are subject to the Business Conduct and Trading Practice Rules found in Chapter 4 of the BTNL Rulebook including Rule 403 which forbids pre-arranged, pre-negotiated non-competitive trades. Trading and delivery in these products will also be subject to Market Operations and Discipline and Enforcement Rules found in Chapters 5 and 6, respectively.

Core Principle 3 - Contracts Not Readily Subject to Manipulation:

Multiple domestic and foreign markets trade the underlying DOT product, making manipulation unlikely. Additionally, Trading and delivery of DOTUSD contracts are not readily subject to manipulation because they are subject to position limits. Daily and Final settlement will be determined in accordance with BTNL Rule 509.

Core Principle 4 - Prevention of Market Disruption:

Trading and delivery of DOTUSD contracts are subject to prohibitions of market disruption under Chapters 4, 5, and 6 relating to Business Conduct and Trading

Practices, Market Operations, and Discipline and Enforcement, respectively. All trading at BTNL Exchange is subject to market surveillance and a robust disciplinary framework.

Core Principle 5 - Position Limits or Accountability:

Trading and delivery of DOTUSD contracts are subject to position limits set forth in the product specifications. The position limits are consistent with Commission guidance. Position limits may be adjusted based on market needs.

Core Principle 7 - Availability of General Information:

Prior to the launch of trading of DOTUSD contracts, product terms and conditions will be available on the BTNL website. Information on delivery of DOTUSD contracts will be made available on the BTNL website.

Core Principle 8 - Daily Publication of Trading Information:

The Exchange will publish DOTUSD trading volumes, open interest levels, and price information on its website and through quote vendors.

Core Principle 9 - Execution of Transactions:

Execution of all DOTUSD contracts will take place on the BTNL electronic trading platform. Electronic execution provides competitive and transparent transactions. All DOTUSD contracts will be cleared by Bitnomial Clearinghouse, LLC (“BNCH”), a CFTC-registered derivatives clearing organisation (“DCO”), subject to Commission rules and oversight.

Core Principle 10 - Trade Information:

All requisite trade information will be recorded and stored in the audit trail and will be surveilled and monitored in accordance with BTNL Rules.

Core Principle 11 - Financial Integrity of Transactions:

All DOTUSD contracts will be cleared by BNCH, a CFTC-registered DCO, subject to Commission rules and oversight.

Core Principle 12 - Protection of Markets and Market Participants:

BTNL Rules have set forth numerous requirements and protections to prevent intermediaries from disadvantaging customers.

Core Principle 13 - Disciplinary Procedures:

All DOTUSD contracts are subject to the protections provided by Chapter 6 of the BTNL Rulebook. Chapter 6 describes the disciplinary procedures of the Ex-

change that authorize the Exchange to discipline, suspend, or expel Participants that violate Exchange Rules.

Core Principle 14 - Dispute Resolution:

Disputes arising from trading of DOTUSD contracts must be arbitrated in accordance with BTNL Rules found in Chapter 7. All disputes, controversies or claims between or among themselves that relate to or arise out of any contract or otherwise arise out of one or more transactions made or to be made on the Exchange or subject to the Rules and are based upon facts and circumstances that occurred at a time when the parties were Participants or Customers.

Certification

The Exchange has spoken with Clearing Members and market participants who support the decision to launch Polkadot US Dollar Spot contracts. The Exchange is not aware of any substantive opposing views to the DOTUSD contracts. The Exchange certifies that the DOTUSD contracts and related rules certified herein comply with the Commodity Exchange Act and the rules and regulations promulgated thereunder.

The Exchange certifies that this submission has been concurrently posted on the Exchange's website at: <https://bitnomial.com/exchange/regulatory>

If you have any questions or require further information, please contact the undersigned at james.walsh@bitnomial.com.

Sincerely, /s/

James A. Walsh
