**Re: BTNL Self-Certification Pursuant to CFTC Regulation 40.2(a)  
Certification - Listing of Dogecoin US Dollar Kilo Perpetual Futures  
Contract**

Dear Mr. Kirkpatrick,

Bitnomial Exchange, LLC (“BTNL” or the “Exchange”) hereby submits for self-certification to the Commodity Futures Trading Commission (“CFTC” or the “Commission”) under Commission regulation 40.2(a) its plan to list Dogecoin US Dollar Kilo Perpetual Futures (“PDOGUK”) contracts to be offered for trading on BTNL for an intended trade date on or after May 18, 2026.

### **Contract Description**

The PDOGUK contract is a cash-settled, margined perpetual futures contract referenced to the **CF Dogecoin Mid-Price Spot Rate** published by CF Benchmarks (methodology: CF Mid-Price Spot Rates Methodology Guide). The contract size is 5000 DOGE (Dogecoin). Daily and final settlement prices are calculated under BTNL Rule 509 using the methodology described in Digital Asset Perpetual Pricing, with the Implied Spot Price fixed to the CF Dogecoin Mid-Price Spot Rate. Attached Exchange Rule “Dogecoin US Dollar Kilo Perpetual Futures Contract” details the product specifications.

### **Dogecoin (DOGE) Market Overview**

Dogecoin is a decentralized, open-source cryptocurrency initially created as a fun and lighthearted digital asset. It has since developed a strong and engaged community that supports its use in tipping, donations, and microtransactions. Dogecoin’s blockchain is based on Litecoin, offering fast and low-cost transactions. The network is sustained by a loyal community of developers and enthusiasts who continue to expand its use cases. DOGE is widely accepted by merchants and is often used for online interactions and social media engagement.

**Governance:** Dogecoin operates with informal governance, relying on open-source development and community contributions without a formal governance

structure.

**Consensus Mechanism:** Employs a Proof-of-Work (PoW) system, similar to Litecoin, using Script technology for mining.

**Concentration of Ownership:** A significant portion of DOGE is held by a small number of wallets, indicating a high concentration of ownership.

## **Core Principle Compliance**

BTNL has determined that its rules related to the listing of PDOGUK contracts comply with the requirements of the Commodity Exchange Act and the rules and regulations promulgated by the Commission thereunder. BTNL has reviewed the DCM Core Principles and related guidance and determined that the listing of PDOGUK contracts impact the following Core Principles:

### **Core Principle 2 - Compliance with Rules:**

Trading of PDOGUK contracts is subject to the Business Conduct and Trading Practice Rules found in Chapter 4 of the BTNL Rulebook including Rule 403 which forbids pre-arranged, pre-negotiated non-competitive trades. Trading in these products will also be subject to Market Operations and Discipline and Enforcement Rules found in Chapters 5 and 6, respectively.

### **Core Principle 3 - Contracts Not Readily Subject to Manipulation:**

Multiple domestic and foreign markets trade the underlying DOGE product, making manipulation unlikely. Additionally, PDOGUK contracts are not readily subject to manipulation because they are subject to position limits and the daily and final settlement prices are determined by reference to the CF Dogecoin Mid-Price Spot Rate published by CF Benchmarks, the most widely trusted and referenced digital asset benchmark authority globally. Daily and Final settlement will be determined in accordance with BTNL Rule 509.

### **Core Principle 4 - Prevention of Market Disruption:**

Trading of PDOGUK contracts is subject to prohibitions of market disruption under Chapters 4, 5, and 6 relating to Business Conduct and Trading Practices, Market Operations, and Discipline and Enforcement, respectively. All trading at BTNL Exchange is subject to market surveillance and a robust disciplinary framework.

### **Core Principle 5 - Position Limits or Accountability:**

Trading of PDOGUK contracts is subject to position limits set forth in the product specifications. The position limits are consistent with Commission guidance. Position limits may be adjusted based on market needs.

**Core Principle 7 - Availability of General Information:**

Prior to the launch of trading of PDOGUK contracts, product terms and conditions will be available on the BTNL website.

**Core Principle 8 - Daily Publication of Trading Information:**

The Exchange will publish PDOGUK trading volumes, open interest levels, and price information on its website and through quote vendors.

**Core Principle 9 - Execution of Transactions:**

Execution of all PDOGUK contracts will take place on the BTNL electronic trading platform. Electronic execution provides competitive and transparent transactions. All PDOGUK contracts will be cleared by Bitnomial Clearinghouse, LLC (“BNCH”), a CFTC-registered derivatives clearing organisation (“DCO”), subject to Commission rules and oversight.

**Core Principle 10 - Trade Information:**

All requisite trade information will be recorded and stored in the audit trail and will be surveilled and monitored in accordance with BTNL Rules.

**Core Principle 11 - Financial Integrity of Transactions:**

All PDOGUK contracts will be cleared by BNCH, a CFTC-registered DCO, subject to Commission rules and oversight.

**Core Principle 12 - Protection of Markets and Market Participants:**

BTNL Rules have set forth numerous requirements and protections to prevent intermediaries from disadvantaging customers.

**Core Principle 13 - Disciplinary Procedures:**

All PDOGUK contracts are subject to the protections provided by Chapter 6 of the BTNL Rulebook. Chapter 6 describes the disciplinary procedures of the Exchange that authorize the Exchange to discipline, suspend, or expel Participants that violate Exchange Rules.

**Core Principle 14 - Dispute Resolution:**

Disputes arising from trading of PDOGUK contracts must be arbitrated in accordance with BTNL Rules found in Chapter 7. All disputes, controversies or claims between or among themselves that relate to or arise out of any contract or otherwise arise out of one or more transactions made or to be made on the Exchange or subject to the Rules and are based upon facts and circumstances that occurred at a time when the parties were Participants or Customers.

## **Certification**

The Exchange has spoken with Clearing Members and market participants who support the decision to launch Dogecoin US Dollar Kilo Perpetual Futures contracts. The Exchange is not aware of any substantive opposing views to the PDOGUK contracts. The Exchange certifies that the PDOGUK contracts and related rules certified herein comply with the Commodity Exchange Act and the rules and regulations promulgated thereunder.

The Exchange certifies that this submission has been concurrently posted on the Exchange's website at: <https://bitnomial.com/exchange/regulatory>

If you have any questions or require further information, please contact the undersigned at [james.walsh@bitnomial.com](mailto:james.walsh@bitnomial.com).

Sincerely, /s/

James A. Walsh  
Chief Regulatory Officer
