Re: BTNL 26-093 Self-Certification Pursuant to CFTC Regulation 40.2(a) Certification - Listing of Dogecoin US Dollar Hecto Perpetual Futures Contract

Dear Mr. Kirkpatrick,

Bitnomial Exchange, LLC (“BTNL” or the “Exchange”) hereby submits for self-certification to the Commodity Futures Trading Commission (“CFTC” or the “Commission”) under Commission regulation 40.2(a) its plan to list Dogecoin US Dollar Hecto Perpetual Futures (“PDOGUH”) contracts to be offered for trading on BTNL for an intended trade date on or after September 4, 2026.

Contract Description

The PDOGUH contract is a financially-settled, margined perpetual futures contract based on the price of 1,000,000 DOGE (Dogecoin). Attached Exchange Rule “Dogecoin US Dollar Hecto Perpetual Futures Contract” details the product specifications.

Dogecoin (DOGE) Market Overview

Dogecoin is a decentralized, open-source cryptocurrency initially created as a fun and lighthearted digital asset. It has since developed a strong and engaged community that supports its use in tipping, donations, and microtransactions. Dogecoin’s blockchain is based on Litecoin, offering fast and low-cost transactions. The network is sustained by a loyal community of developers and enthusiasts who continue to expand its use cases. DOGE is widely accepted by merchants and is often used for online interactions and social media engagement.

Governance: Dogecoin operates with informal governance, relying on open-source development and community contributions without a formal governance structure.

Consensus Mechanism: Employs a Proof-of-Work (PoW) system, similar to Litecoin, using Script technology for mining.

Concentration of Ownership: A significant portion of DOGE is held by a small number of wallets, indicating a high concentration of ownership.

Liquidity: Dogecoin has a market capitalization of \$12,918,398,737.00 and a 30-day spot trading volume of \$18,760,749,404.00, ensuring strong liquidity and accessibility across centralized and decentralized exchanges as well as OTC dealers.

All disputes, controversies or claims between or among themselves that relate to or arise out of any contract or otherwise arise out of one or more transactions made or to be made on the Exchange or subject to the Rules and are based upon facts and circumstances that occurred at a time when the parties were Participants or Customers.
