Re: BTNL 26-097 Self-Certification Pursuant to CFTC Regulation 40.2(a) Certification - Listing of Stellar Lumens US Dollar Deca Perpetual Futures Contract

Dear Mr. Kirkpatrick,

Bitnomial Exchange, LLC (“BTNL” or the “Exchange”) hereby submits for self-certification to the Commodity Futures Trading Commission (“CFTC” or the “Commission”) under Commission regulation 40.2(a) its plan to list Stellar Lumens US Dollar Deca Perpetual Futures (“PXMLUD”) contracts to be offered for trading on BTNL for an intended trade date on or after September 4, 2026.

Contract Description

The PXMLUD contract is a financially-settled, margined perpetual futures contract based on the price of 100,000 XLM (Stellar Lumens). Attached Exchange Rule “Stellar Lumens US Dollar Deca Perpetual Futures Contract” details the product specifications.

Stellar Lumens (XLM) Market Overview

Stellar is a blockchain network designed for fast and efficient cross-border payments and asset tokenization. It enables individuals and financial institutions to issue, transfer, and trade digital assets with low transaction costs. Stellar’s consensus protocol provides quick settlement times without requiring mining. XLM, the native cryptocurrency, is used to facilitate transactions and prevent network spam, ensuring smooth and secure value transfer across the ecosystem.

Governance: Stellar is governed by the Stellar Development Foundation (SDF), a non-profit organization that oversees the development and growth of the Stellar network.

Consensus Mechanism: Stellar employs the Stellar Consensus Protocol (SCP), which is an implementation of the Federated Byzantine Agreement.

Concentration of Ownership: The initial distribution of XLM allocated a significant portion to the SDF for operational costs, with the remainder distributed to investors and for community development.

Liquidity: Stellar Lumens has a market capitalization of \$6,191,063,837.00 and a 30-day spot trading volume of \$4,646,648,485.00, ensuring strong liquidity and accessibility across centralized and decentralized exchanges as well as OTC dealers.

Core Principle Compliance

BTNL has determined that its rules related to the listing of PXLUD contracts comply with the requirements of the Commodity Exchange Act and the rules and regulations promulgated by the Commission thereunder. BTNL has reviewed the DCM Core Principles and related guidance and determined that the listing of PXLUD contracts impact the following Core Principles:

Core Principle 2 - Compliance with Rules:

Trading and delivery of PXLUD contracts are subject to the Business Conduct and Trading Practice Rules found in Chapter 4 of the BTNL Rulebook including Rule 403 which forbids pre-arranged, pre-negotiated non-competitive trades. Trading and delivery in these products will also be subject to Market Operations and Discipline and Enforcement Rules found in Chapters 5 and 6, respectively.

Core Principle 3 - Contracts Not Readily Subject to Manipulation:

Multiple domestic and foreign markets trade the underlying XLM product, making manipulation unlikely. Additionally, Trading and delivery of PXLUD

contracts are not readily subject to manipulation because they are subject to position limits. Daily and Final settlement will be determined in accordance with BTNL Rule 509.

Core Principle 4 - Prevention of Market Disruption:

Trading and delivery of PXMLUD contracts are subject to prohibitions of market disruption under Chapters 4, 5, and 6 relating to Business Conduct and Trading Practices, Market Operations, and Discipline and Enforcement, respectively. All trading at BTNL Exchange is subject to market surveillance and a robust disciplinary framework.

Core Principle 5 - Position Limits or Accountability:

Trading and delivery of PXMLUD contracts are subject to position limits set forth in the product specifications. The position limits are consistent with Commission guidance. Position limits may be adjusted based on market needs.

Core Principle 7 - Availability of General Information:

Prior to the launch of trading of PXMLUD contracts, product terms and conditions will be available on the BTNL website. Information on delivery of PXMLUD contracts will be made available on the BTNL website.

Core Principle 8 - Daily Publication of Trading Information:

The Exchange will publish PXMLUD trading volumes, open interest levels, and price information on its website and through quote vendors.

Core Principle 9 - Execution of Transactions:

Execution of all PXMLUD contracts will take place on the BTNL electronic trading platform. Electronic execution provides competitive and transparent transactions. All PXMLUD contracts will be cleared by Bitnomial Clearinghouse, LLC (“BNCH”), a CFTC-registered derivatives clearing organisation (“DCO”), subject to Commission rules and oversight.

Core Principle 10 - Trade Information:

All requisite trade information will be recorded and stored in the audit trail and will be surveilled and monitored in accordance with BTNL Rules.

Core Principle 11 - Financial Integrity of Transactions:

All PXMLUD contracts will be cleared by BNCH, a CFTC-registered DCO, subject to Commission rules and oversight.

Core Principle 12 - Protection of Markets and Market Participants:

BTNL Rules have set forth numerous requirements and protections to prevent intermediaries from disadvantaging customers.

Core Principle 13 - Disciplinary Procedures:

All PXMLUD contracts are subject to the protections provided by Chapter 6 of the BTNL Rulebook. Chapter 6 describes the disciplinary procedures of the Exchange that authorize the Exchange to discipline, suspend, or expel Participants that violate Exchange Rules.

Core Principle 14 - Dispute Resolution:

Disputes arising from trading of PXMLUD contracts must be arbitrated in accordance with BTNL Rules found in Chapter 7. All disputes, controversies or claims between or among themselves that relate to or arise out of any contract or otherwise arise out of one or more transactions made or to be made on the Exchange or subject to the Rules and are based upon facts and circumstances that occurred at a time when the parties were Participants or Customers.

Certification

The Exchange has spoken with Clearing Members and market participants who support the decision to launch Stellar Lumens US Dollar Deca Perpetual Futures contracts. The Exchange is not aware of any substantive opposing views to the PXMLUD contracts. The Exchange certifies that the PXMLUD contracts and related rules certified herein comply with the Commodity Exchange Act and the rules and regulations promulgated thereunder.

The Exchange certifies that this submission has been concurrently posted on the Exchange's website at: <https://bitnomial.com/exchange/regulatory>

If you have any questions or require further information, please contact the undersigned at james.walsh@bitnomial.com.

Sincerely, /s/

James A. Walsh
